

# **VISA LIBERALISATION WITH BOSNIA AND HERZEGOVINA**

## **ROADMAP**

### **I. INTRODUCTION - GENERAL FRAMEWORK**

- A. The General Affairs and External Relations Council in its conclusions of 28 January 2008 welcomed the intention of the European Commission to launch a visa dialogue with all Western Balkan countries and expressed its readiness to further discuss this issue, based on the Commission's Communication on the Western Balkans, with a view to define detailed roadmaps setting clear benchmarks to be met by all the countries in the region in order to gradually advance towards visa liberalisation. The whole process will be closely monitored by the Council and the Commission which will assess the progress by each of the countries concerned and follow the adoption and implementation of the necessary reforms towards the abolition of the visa requirement.

The Commission shall regularly report on the implementation of this roadmap to the Council, for the first time before the end of 2008, notably by taking into account input from experts including Member States' experts in the context of the visa dialogue.

- B. When setting up the methodology for the visa liberalisation process, the following elements have to be taken into consideration:
- the European perspective of the Western Balkan countries;
  - the political commitment taken by the European Union on the liberalisation of the short term visa for the citizens of all Western Balkan countries as part of the Thessaloniki agenda, which has been confirmed at political level by a series of Council conclusions since 2003<sup>1</sup>;
  - the conclusion by all countries in the region of a Community readmission agreement;

---

<sup>1</sup> More recently, in the Council conclusions of 18/6/07 and 10/12/07.

- the visa exemption granted to all EU citizens by all Western Balkan countries.

As a first concrete step towards improving people to people contacts, the European Community has concluded in 2007 Visa Facilitation Agreements with Albania, Bosnia and Herzegovina, the former Yugoslav Republic of Macedonia, Montenegro and Serbia. These agreements are in force since 1 January 2008. The preamble of the visa facilitation agreements includes a clear reference to the commitment of the parties to work towards a visa free travel regime in the future.

- C. Having in mind the wide range of issues relevant for the visa liberalisation dialogue and the need to establish an adequately secured context for visa free travel, the objective of this exercise is to identify all the measures to be adopted and implemented by the Western Balkan countries and set up clear requirements to be achieved in the near future. The whole process will be divided in four sets of issues to be covered by the dialogue: document security, illegal migration, public order and security as well as external relations items linked to the movement of persons. The dialogue will be tailor-made so as to allow each country to focus reform efforts and address the EU's requirements. The speed of movement towards visa liberalisation will depend on the progress made by each of the countries in fulfilling the conditions set.

Concerning the structure, the whole dialogue as a part of the overall policy of the EU towards the candidate and potential candidate countries of the Western Balkan, will take place within the framework of the structures of the Stabilisation and Association process. The visa liberalisation process will be conducted by senior officials who could decide to organise technical meetings at expert level for specific items. In the absence of a Stabilisation and Association agreement in place with Bosnia and Herzegovina, reporting on progress made on the issues covered by the visa liberalisation process will be ensured within the framework of the current Reform Process Monitoring structures.

- D. The whole process will allow the Commission to make a proposal at the appropriate moment to the Council for the lifting of the visa obligation for citizens of Bosnia and Herzegovina, through an amendment of Council regulation 539/2001. On the basis of the Commission's proposal, the Council, after consultation of the European Parliament will decide acting by qualified majority.

**Final remark:**

The present roadmap includes a list of measures to be taken by Bosnia and Herzegovina in view of the lifting of the visa obligation. These measures aim at responding to the needs identified, based on the currently available information. In case of substantial change of the current situation, the Commission could propose a review and re-adaptation of the roadmap.

Based on the achievements by Bosnia and Herzegovina of the implementation of the requirements set up in the roadmap, the Commission will assess the situation, taking into account inter alia criteria, the visa refusal rate for visa applicants and the refusal rate of entry into the common Schengen area for nationals of Bosnia and Herzegovina. In this context, the decreasing trend of the refusal rate, which should progress towards 3% for visas and 1000 persons per year refused for entry into the common Schengen area, will be used as an indicative reference. Bosnia and Herzegovina should also take the necessary measures to allow an efficient implementation of the EU joint actions on travel ban.

As already mentioned before, on this basis the Commission will consider the possibility to present a proposal to the Council for the lifting of the visa obligation, by amending the Council Regulation 539/2001, and, following the procedure laid down in the EC Treaty<sup>2</sup> for these matters, the Council will on the basis of the Commission's proposal, after consultation of the European Parliament, take a decision acting by qualified majority. Such amendment could soon cover the holders of travel documents issued in accordance to ICAO and EC standards.
